Hartford—For the second year in a row (and 12th year for girls), girls and boys across the United States will visit workplaces on **Thursday, April 22nd** under the theme “*Today’s Vision...Tomorrow’s Reality*”. *Take Our Daughters and Sons To Work Day*, sponsored nationally by the Ms. Foundation and celebrated in workplaces all across Connecticut takes place that day.

This day focuses on expanding future opportunities for all children, in both their work and family lives and is targeted for children ages 9 through 15.

Young people attending will be able to learn about different occupations offered at the General Assembly by touring selected offices and participating in an informational treasure hunt. The Permanent Commission on the Status of Women was established by the CT State Legislature in 1973. The Commission studies all matters concerning women, informs leaders about the nature and scope of discrimination, serves as a liaison between government and private interest groups concerned with services for women, promotes consideration of women for governmental positions and works with state agencies to assess programs and practices as they affect women.
